NO WORD RECEIVED AT ST. PETERSBURG

Russian Admiralty Seem Satisfied With Roj s.vensky.

RUMOR OF A BATTLE IS DENIED

Russian Paper Criticises Attitude of Certain People of Czar's Domain. Reports from Tokio Tell Position of Armies in Manchuria.

St. Petersburg, April 14.—4:23 p. m.—The admiralty has not received any dispatches recently from Vice Admiral Rojestvensky.

The officials say that all talk of the emergency of any of the interned Russian warships to join Rojestvensky's squadron is pure nonsense.

Much satisfaction and admiration are expressed in naval circles at the bold, direct manner in which Rojestvensky is carrying out the objects of his voyage.

Map Showing Anambas Islands.

The attitude of indifference in certain quarters of society as to the outcome of the naval battle is arousing criticism and Prince Ouktomsky in his newspaper, The Dawn, today takes society to task for its unpatriotic, careless attitude.

Tokio, April 14.—3 p. m.—The following anouncement was made today:

"Our force advancing eastward via the Fushun and Hailung road encountered and defeated the enemy on the morning of the 12th at Erhhoulu, 7 miles east of Yingpan. Our force then ocupied Tsangshih about 19 miles east of Yingpan. The enemy in retreating toward Hailung fought at every step. The enemy on the Kirin road has gradually retreated since the 11th, a portion of this force still remaining to bar the passage of the Yushu river.

"No change has occurred in the Changtu or Fahkmen districts, except occasional cavalry skirmishes."

Rumor of Battle Unfounded.

Tokio, April 14.—Noon.—The naval department announces the report of a naval engagement recently off Saigan to be unfounded.

Russian Hospital Ship in Port.

Chicago, April 15.—A dispatch received on Thursday by the Chicago Daily News from its correspondent at Saigon, said:

"Rojestvnsky's hospital ship here Wednesday night to take on board provisions, coal and medicines. It will leave Thursday at midday to rejoin the main suadron."

No mention was made of wounded men on board this ship.

Raleigh's Destination Unknown.

Labun, British Borneo, April 15.—The United States cruiser Raleigh has sailed northward. Her destination is unknown.

Probable Location of Squadron.

Berlin, April 15.—Admiral Rojestvensky squadron is believed by the intelligence given by the German navy department to be lying off the Cuyos islands, 80 miles south of Mindoro, Philippine islands, re-coaling and preparing for the last stage of its long voyage.

Although these islands belong to the United States, they have fine anchorages outside the three mile limit with hard bottom at 20 to 25 fathoms.

The German navy department received in a telegram today from one of the East Indian ports an indication that the Russians when off the southern end of Cochin China April 11, changed their course and headed on a course which would bring them to the Cuyos islands in the northern part of the Sulu Sea, 800 miles distant, in four days at the rate of 8 knots an hour.

The City islands lay technically in such a position that the approaches can easily be watched by the Russian scouts. Three cruisers, it was added, had been beached, presumbaly for a diversion on the the coasts of Japan probably in the hope of calling off Admiral Togo in pursuit.

President Arrives at Pueblo.

Pueblo, Colo., April 15.—The special train bearing President Roosevelt and party passed Texline at 8:20 o'clock this morning on schedule time. The train was met at Emory Gap by Governor McDonald and party, who will accompany them to Colorado Springs. The president will deliver a short address on his arrival at the station here at 5:45 p. m. Arrangements have been completed for a big reception. The weather in southern Colorado today was ideal.

PARDONED AFTER MANY LONG YEARS

New York, April 15.—After 33 years' of imprisonment Libby Garrabrandt, the only woman sentenced to life imprisonment in New Jersey, will, it is believed in Trenton, be released within a short time. Six of the eight members of the board of pardons are reported to have voted to report favorably on her petition for release. A number of the most prominent women in the state have interested themselves in her case and a petition bearing 40,000 names was sent to the governor a year ago.

Mrs. Garrabrandt was sent to prison 33 years ago, having been convicted of poisoning her husband in a jealous rage. She was at that time only 1. yeas of age, and her youth was all that saved her from execution. For 26 years she has been pleading for a pardon, but never before has any of the petitions received favorable consideration.

Heart failure now threatens to end her days at any time.

Former Financier Found Starving.

New York, April 15.—Frank A. McGowan, once a power in the financial and political circles of New Jersey, who was thrown from his high position by a series of family and business scandals, is dangerously ill at St. Francis hospital in Trenton, of which city he formerly was mayor. Dispatches from the New Jersey capital say his condition was brought about by exposure and lack of proper nourishment. Little has been seen recently of McGowan, who carefully kept out of the sight of his old friends. He was picked up in the street, where he had fainted and conveyed to the hospital.

TWO NEGROES DIE ON GALLOWS

Patterson, N. J., April 15.—Arthur Laster and Joseph Miller, two negro murderers, died on the gallows in the county jail here today. Neither execution was marked by an unusual incident. Laster fatally shot Max Wollenburg last June while attempting to escape after being detected in the act of robbing Wollenburg's store in this city. Miller was convicted of the murder of Calion Stewart, a negro resident of Midvale, on the night of Sept. 30 last.

MRS. CHADWICK IS AGAIN IN COURT

Pleads Not Guilty To Federal Grand Jury True Bill.

WOMAN ATTIRED IN BLACK SILK

Her Attorneys Are Making Another Attempt To Get Her Released on Bond, Which Is Now Placed at $47,000. Appears To Be in Good Health.

Cleveland, April 15.—Mrs. Chadwick when arraigned in United States district court today pleaded not guilty to the new indictment recently returned against her by the grand jury charging her with aiding and abetting Cashier Spear, of the Oberlin bank, of making false entries in the bank, and untrue statements to the comptroller of the currency. Spear will be arraigned today and plead not guilty to the joint indictment.

In reply to a question of Attorney Ewing, counsel for Mrs. Chadwick, in court today district Attorney Sullivan stated that Mrs. Chadwick woud not be tried on any of the indictments standing against her during the present term.

This is taken to mean that the government will not try Mrs. Chadwick again unless she escapes punishment on the conspiracy charges upon which she was recently tried.

It is known that Mrs. Chadwick's attorneys are quietly at work in another attempt to secure bail for her.

Including the bond demanded in the state courts for the release of Mrs. Chadwick, it will now require a total surety of $47,000 to obtain her release pending the decision of the circuit court of apeals on the motion for a new trial.

Mrs. Chadwick was apparently in much better health today when she appeared in the court room than during her trial. She was fashionably attired in a black silk costume with a big picture hat.

SITUATION AT THE CANAL.

New Currency Is Being Put Into Circulation There.

New York, April 15.—It is reported that precautions are being taken by the government and the principal banks, says a Herald dispatch from Panama, to prevent a decline of local exchange as a result of the possible speculation movement.

Since new currency has been put into circulation and the requirement of the canal commission have been increased by reason of a large number of laborers, who are employed on the canal and are paid in silver, it is considered essential that the legal parity be maintained.

Minister Barrett and Governor Davis, of the canal zone, are conferring to prevent a crisis. Exchange, however is now maintained at 103 per cent on New York at 100 per cent on London and 97 per cent on Paris. Exchange of Panama silver coin for American gold is maintained at 100 per cent for all purposes and English gold at 98 per cent, but there is no great demand for either gold or exchange.

Mild Winter in Alaska.

Seattle, Wash., April 15.—A special to The Post Intelligencer states that the past winter has been unprecedented for mildness and that the ice is rapidly breaking up all along the coast. In St. Michael bay the waters is open and the ice in Norton bay and sound has already moved north as far as Nome. Behring strait has been open all winter and at no time since January has the thermometer been below zero, and for the past 40 days the average temperature has been 50 degrees above zero.

$300,000 FIRE IN MAINE TOWN.

Thirty-Five Buildings Destroyed—No Lives Lost—Assistance Asked.

Springvale, Maine, April 15.—The greater portion of the business section of Springvale together with many dwellings was destroyed by fire today, entailing a loss estimated at $300,000.

Assistant sent by the Portland fire department arrived in time to prevent the entire village from being obliterated. In all 35 buildings were burned No lives were lost. The fire started in a boot and shoe factory owned by the W. R. Usher & Son Co., of Newbury port, Mass., and spread rapidly to a group of wooden buildings in the vicinity.

The local fire facilities were wholly inadequate and for several hours the names were in complete control. Aid was asked of Portland, Sanford, Alfred and Rochester, N. Y., but before sufficient help arrived many of the largest buildings were levelled. Besides the Usher factory the structures destroyed were a vacant shoe factory formerly occupied by the Shaw, Goding company, the Odd Fellows building, the Western Union Telegraph office, the New England Telephone exchange, Tibbetts hotel, Masonic block containing dry goods store and restaurant Folsom Eros.' furniture store and the drug stores of William H. Wood and C. H. Pierce.

The town hall was damaged as also were the churches.

He was sent from Washington to investigate the complaints filed against the agent, Mr Watson, by some members of the tribe The special agent found that Watson had followed the rules of the department and that the Indians complaint was not a just one.

ACCIDENT TO YACHT SYLPH

Norfolk, Va., April 15—The Morgan Line steamship El Sid passed in the Virginia capes today towing the President's yacht Sylph, aboard of which an explosion occurred and two men were scalded.

El Cid towed the Sylph into Hampton roads and Admiral Harrington commanding the Norfolk navy yard, ordered a naval tug to proceed at once to tow the yacht to Norfolk.

The Sylph was at the time of the accident on her way to her regular station at Washington from Florida waters where she recently had aboard Mrs. Roosevelt and her children.

Mrs. Roosevelt and party, however left the Sylph at Jacksonville and proceeded to Washington some days ago. The Sylph upon sighting the El Cid at sea gave signals of distress and the Morgan liner immediately came to her assistance and towed her into harbor.

The starboard engine of the Sylph exploded. The two men scalded were seriously hurt.

Murderer Makes Confession.

Jacksonville, Fla., April 15.—Isham Edwards, a negro confined with two others in jail here under sentence of death for killing N. W. Eppes, school superintendent, August of last year, near Tallahassee, has confessed to the killing, stating that Larkins and Caldwell are innocent and not connected with the killing in any manner. All three were convicted of murder in the first degree at the last term of court and now rest under sentence of death. The confession has been made public and it is thought will result in the release of Larkin and Caldwell.

CONSPIRACY CHARGE IS WITHDRAWN

Nan Patterson Will Not Face Jury On That Charge.

SMITH AND WIFE WERE IN COURT

District Attorney Rand Stated He Had Made a Mistake in Drawing Up Indictment Against Actress—She Will Face Murder Charge Monday.

New York, April 15.—The indictment charging Nan Patterson with conspiracy with J. Morgan Smith and Mrs. Smith, wrongfully to obtain money from Young was dismissed in the court of general sessions today at the request of District Attorney Rand. Attorneys for the Smiths demurred to the indictments against the Smiths and declared that the facts alleged against the mdid not constitute a crime. The court reserved decision in that case. Counsel for the Smiths are trying to secure the return of their property, but so far have failed.

Mr. Rand told the court that a mistake had been made in drawing up the indictment against Nan Patterson and that it tended to prejudice her position in the capital case. In asking for the dismissal of the indictments against her he reserved the right to resubmit. Miss Patterson was then remanded to the Tombs prison. The effect of the action will be to prevent her counsel from getting at the grand jury minutes which might have aided in her defense.

Counsel for the Smiths then asked the court for an order compelling the district attorney to return the letters and documents taken by the Smiths and promised to produce them whenever they were wanted. The court refused the motion.

In support of his contention that the facts charged against the Smiths did not constitute conspiracy, the counsel read an intercepted letters from Julia Smith to Caesar Young in which the writer stated that Miss Patterson was about to become a mother, which is one of the allegations in the charge of conspiracy to get money from Young. Counsel said that the statements as to Miss Patterson's health did not bear out the allegations and that the alleged threatening of Young with a revolver, if true, was an independent offense. He declared that false pretenses could not be considered extortion.

Judge Foster reserved decision in demurrer and allowed the counsel to submit briefs later in the day. Smith and his wife, who were excused from pleading, were remanded to the Tombs.

Atlanta Man Commits Suicide.

Atlanta, April 15.—The dead body of Paul Massell, a junk dealer, was found swinging from a rafter in the rear room of an old shack at 318 North Butler street, where the man kept what he called a "store." He had tied one end of a rope about his neck and the other to a rafter above his head, then, drawing his legs so his knees barely touched a pallet on the floor, he choked himself to death. On either end of the pallet was a cur dog that had guarded the boddy of their master all night, and whenever any one went near the body they snarled and showed that they meant to keep up their watch, even after death.

A POLICEMAN KILLS A BURGLAR

New York, April 15.—A burglar was shot and probably fatally wounded early today by a private watchman guarding the home, in Brooklyn, of George Prentice, a Wall street banker. The burglar, when discovered, leaped through a plate glass window and was pursued two blocks before he fell with two bullets in his body. On his arm was found a $700 rug, while papers in his pocket bore the name of John Costigan, of Saugerties, N. Y. The physicians say he cannt recover.

The Senate, having cleared its calendar, adjourned until 4 o'clock Monday afternoon.

Brown-Baskin Contest.

No one need look for a speedy termination of the Brown-Baskin contest for the seat of the Twentieth District in the Senate. The Senate committee on privileges and elections, to whom the matter has been referred, has held two sessions. At the first, which was held behind closed doors, Mr. Zewadski, for Mr. Baskin, presented his side of the case. Mr. Brown looked after his own interests. At the second sitting of the committee it was decided to ask the consent of the Senate to allow the committee to send for persons and papers in the case. The request was granted. It looks now as though the contest may be long drawn out. Mr. Brown holds the seat.

By Mr. Sparkman of Volusia—To create office of fish and game warden and prescribe duties.

GROWING UP

There's something the matter with the child that fails to grow up. A child that grows up too much, however, without proper filling out of flesh, is almost as badly off. Nothing will help these pale, thin "weedy" children like Scott's Emulsion. It supplies the rounding out of flesh and the rich inward nourishment of blood and vital organs which insures rapid growth a healthy and uniform development.

SCROFULA A Disease We Inherit

The tainted blood of ancestors lays upon the shoulders of innocent offspring untold suffering by transmitting to them, through the blood, that blighting disease Scrofula; for in nearly every instance the disease can be traced to some family blood trouble, or blood-kin marriage which is contrary to the laws of nature. Swelling, ulcerating glands of the neck, catarrh, weak eyes, sores, abscesses, skin eruptions, white swelling, hip disease and other deformities, with a wasting of the natural strength and vitality, are some of the ways this miserable disease manifests itself. The poison transmitted through the blood pollutes and weakens that health-sustaining fluid and in place of its nutritive qualities fills the circulation with scrofulous matter and tubercular deposits, often resulting in consumption. A disease which has been in the family blood for generations, perhaps, or at least since the birth of the sufferer, requires constitutional treatment. S. S. S. is the remedy best fitted for this. It cleanses the blood of all scrofulous and tuberculous poisons, makes it rich and pure and under the tonic effects of this great blood medicine the general health improves, the symptoms all pass away, there is a sure return to health, the disease is cured permanently while posterity is protected. Book on the blood and any advice wished, furnished by our physicians, without charge.

Scrofula appeared on the head of my little grandchild when only 18 months old, and spread rapidly over her body. The disease next attacked the eyes and we feared she would lose her sight. It was then that we decided to try S. S. S. That medicine at once made a speedy and complete cure. She is now a young lady, and has never had a sign of the disease to return.

A Dandy for Burns.

Dr. Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. 'It is a dandy for burns.' Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c, $1.00 bottle. Sold by W. M. Johnson.

MOZLEY'S LEMON ELIXIR

REGULATES THE LIVER, STOMACH, BOWELS, KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

THE NEWS FROM MELROSE.

Social Season at That Gay Resort About Ended—Personal Notes.

Melrose, April 15.—The last meeting of the several societies in Melrose for the present season took place during this week, the Reading Club's being on Wednesday and the Ladies' Literary Society on Friday afternoon. These meetings did much toward making the winter season pleasant to our winter residents and visitors.

Miss K. Mizelle has returned from attending a very successful term at Osceola.

Mr. S. Carnes of Vienna, Ga., was a visitor in town last week.

Mrs. F. E. Baker and Mr. and Mrs. C. C. Shooter and Mr. and Mrs. H. Shooter gave a most enjoyable "at home" at Eden Grove on Thursday afternoon, which was attended by a large number of guests from Melrose and Earleton, the steamer Alert having been chartered by the hosts to bring their Melrose friends. The house was most artistically decorated outside with long, graceful canes of Japanese bamboo, which presented quite a tropical appearance. Inside, the reception rooms were gay with lovely roses and beautiful ferns. After having refreshed themselves with iced punch and grape fruit lemonade, the guests went to look round the grounds and to inspect the shedded groves. Those who had not seen the grape fruit trees before were struck with wonder at the quantity of large, clean and bright fruit still on the trees, about 400 boxes being still to be shipped. On returning to the house an abundant supply of varied delicious refreshments were served, to which ample justice was done by all. Mrs Luttichau presided at the tea table, Mrs. J. W. Johnson, Mrs. S. B. Drew, Miss Darlington and Miss Schneller helping with the salad, ice cream, etc. Afterward, Mrs. C. C. Shooter rendered some delightful music to the appreciative guests, Mrs. Johnson joining her in some German songs. The day was perfect and all had a most enjoyable afternoon.

Mrs. Baker and Mr. and Mrs. C. C. Shooter leave next week for Europe.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine E. H. Wolfe of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." All druggists guarantee them at 50c.

Seeking American's Freedom.

New York, April 15.—Strong representations in behalf of Joseph F. Darling, who for a month has been imprisoned in a Guatemala jail will be made to the state department in Washington by mail from this city. Mr. Darling is a lawyer. He is said to be of a roving, globe-trotting disposition. When he left this city it was with the stated intention of looking after certain concessions in Guatemala. Letters to several friends have just arrived and his case will be placed before Assistant Secretary of State Loomis by State's Attorney General Mayer.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy New Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

An Ohio man wants a divorce because his wife kicked him while he was praying. Possibly he was praying that he might become a widower before it was too late.

Dr. Lyman Abbott says that wealth is a danger. There is an astonishing number of people not renowned for courage in other affairs who would be willing to face it.

Each citizen should do his part in the beautifying of the city, therein lying the secret of the city beautiful. Don't overlook the little things in this regard that lie at your own door.

Mr. Carnegie, who holds it a crime for a man to die rich and who professes his chief concern to be how to dispose of his millions before his death, was no doubt somewhat relieved on opening his mail on a recent morning and finding in it applications for $1,000,000 each from no less than five Western colleges.

Late estimates put the next orange crop considerably below one million boxes. A large portion of the bloom which came out fell before opening. Many trees had no bloom at all. The groves in the Southern tier counties of the orange belt show as scant bloom as the groves in the more Northern counties.

The biggest land fraud of any has been unearthed in which vast areas of coal land have been acquired from the government at $1.50 instead of $20 an acre as required for such lands by the government. The amounts involved under these frauds are losses to the national irrigation fund, which is derived from the sale of Western public lands.

Mrs. Weightman Walkers, the richest woman in the world and who refused to allow her sister-in-law a paltry thirty million dollars of her fortune, is said to have left Philadelphia because she was unable to get into society there. Evidently it is more difficult to get into society than into the United States Senate, if a fortune of sixty millions cannot accomplish it.

One hundred and twenty young women drew farming homesteads in the recent opening of lands in South Dakota and a matrimonial rush that resembles the gold rush to California has set in. Men from all parts of the country are offering themselves to the fortunate young women, the majority of them being college graduates from the East, which goes to show that a college education does not unfit one for matrimony.

The tomato crop of Florida this year says The Tampa Tribune, will be almost equal in value to the orange crop. Ten thousand acres are devoted to tomatoes in this State this year. At an average yield of 300 crates to the acre, which is a low estimate, the tomato crop of the State will be no less than 2,500,000 crates. At a fair return to the grower this crop will bring into the State nearly as much as the orange crop of last season. The shipments will begin about April 1st, and will last until June 15th.

THE NEW CHARTER.

There are always men who oppose any movement to advance the welfare of their own city, and some of them do it through a lack of comprehension of the true facts, while others try to create the impression that they are defending their own fireside and that of their neighbors, and if successful in their wrong impressions would not take objection to being called the hero of the hour.

To think that any city would develop beyond an overgrown village without territory is mere nonsense. The corporate limits of a city can be extended, with fairness, and still being no great burden on the people. It is being done daily in many portions of our land and no one seems to be so over-burdened that law or equity puts a veto on such progress.

Gainesville is fast building on the vacant land within the corporate limits. With the extension of waterworks and electric lights to the suburban portions, the value of property is enhanced. A residence where pure water is close at hand is preferable to one where there is nothing but surface water to drink loaded with malaria and fever germs.

Civilization must advance, and there are some who prefer the primeval forest and object to having their peaceful domain encroached upon. There should be an opportunity given them to step backward, but there should be nothing in the way of growth and advancement.

RUSSIAN BRUTALITY.

An astonishing story is told by the leading newspaper of Odessa, Russia. It says women are worked in place of horses in the neighboring district of Yeletz. This paper, The Orlovski Viestnik, sent men to investigate. Their story briefly is this: The landowner in question is a very rich young nobleman. He rides daily about his estate, making visits to the adjacent country houses or the market town. In summer he uses a costly victoria, and in winter a luxurious sleigh. His team is invariably four young peasant women, daughters of his tenants. Leather harness is made to fit them. They are attached to the tongue in pairs like horses and are guided by a rein fastened to the outer arm of each leader. He never speaks to them and uses a stinging whip freely, keeping them in a sharp trot. Very few horses are kept on his estate. All the plowing and hauling is done by teams of women. Only two are allowed to a plow, and when one gives out she is whipped brutally, sometimes fatally, and often the husband, father or brother is compelled to use the lash in the presence of this "educated young nobleman." This has been followed systematically for eight years, and yet no neighbor, man or woman, and no police official has thought of it as anything more than a joke. In no other civilized country is such a thing possible.

This was openly published as a fact by a great Russian newspaper a week ago, and has not been questioned. With all its knowledge of Russia, even Europe is mildly surprised at this.

Indiana, Wisconsin and Michigan have passed laws forbidding the use, sale or manufacture of cigarettes in those States. The government and the people foresee all kinds of trouble and expense in enforcing the law, while in Japan they do the thing as easily as we make the laws. Every father whose son smokes cigarettes is fined the equivalent of five dollars. The espionage of the youth therefore falls on the proper person and the fine is sufficient to induce him to maintain a zeal in watching the youth, all of which may be good for the son, the father and the government in ways other than that of cigarette smoking.

When Governor Hanley of Indiana says he never saw the inside of a saloon, his friends don't know whether to take it as a joke or a hint.

CELEBRATES DUNNE'S ELECTION

Bryan at Jefferson Day Banquet Declares for Public Ownership.

Chicago, April 15.—Subjects of national significance to the Democratic party were discussed by prominent orators of the party at the Jefferson club banquet at the Sherman house in commemoration of the birthday of Thomas Jefferson. The dinner, however, in a measure, resolved itself into a jollification over Mayor Edward F. Dunne, who is a director of the club, and was among the speakers who responded to toasts.

William J. Bryan and George F. Williams, of Massachusetts, were the principal speakers. Mr. Bryan chose for his subject "Thomas Jefferson," and his remarks were greeted with unstinted applause. Mr. Bryan took advantage of the occasion to congratulate Mayor Dunne on his recent election as chief executive of the city of Chicago.

Mr. Bryan took advantage of the occasion to deal with such live questions as railroad rate legislation and municipal ownership of public utilities, applying to these the tests of Jefferson's doctrines. In speaking of the railroad problems, Mr. Bryan spoke at length.

ENGLAND TO RAISE COTTON.

Britishers Believe that America Will Eventurally Use All Her Staple.

London, April 15.—The duke of Marlborough, under secretary for the colonists, addressing the Bolton Cotton Spinning association on the prospective danger to the cotton trade growing out of the increased tendency of America to absorb its own production and dealing with the necessity of the British empire growing its own supplies, made the important communication that Lancashire having sent a deputation to the chancellor of the exchequer anouncing the formation of an association with $1,500,000 or more of capital to be devoted to the cultivation of cotton in northern Nigeria province that the government was willing to put down five or ten millions to build a railway, the chancellor of the exchequer would consider the proposal in no unfavorable spirit.

COUNCIL WANTS THE NEW CHARTER

That Body Passed Resolutions Asking for Passage of Bill.

BENEFITS TO BE DERIVED

Will Prove of Advantage to Every Resident of Gainesville and Vicinity, Regardless of Avocation, and Council is Anxious for Measure to Pass.

Believing the proposed extension of charter and its privileges to be to the best interests of the city of Gainesville and its people, regardless of avocation, the City Council held a special meeting Friday evening for the purpose of taking some active steps in the matter of urging Senator McCreary and Representatives Rosborough and Tillman to exercise their influence in the Legislature to secure the passage of the bill, and the following resolution was passed unanimously:

"Resolved by the City Council of the City of Gainesville, Fla., That it is the sense of said council that the bill now pending before the Florida Legislature seeking to amend the charter of the said city of Gainesville, and to define its limits, is in the interest of the advancement of our city and should pass:

"Resolved, That our Senator and Representatives in the Legislature are hereby urged to use their endeavors to enact the bill into law."

Upon motion Clerk Dell was instructed to forward copies to the Senator and Representatives of Alachua county, whereupon the meeting adjourned.

The greatest interest was manifested in the meeting, and it was clear that every alderman was in favor of the new charter, because they realized what an advantage it would prove. There was no opposition to the resolution, which was offered by Alderman Benson.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." NEWS OF CITY AND COUNTY CONDENSED

Phifer Bros. have a change of advertisement in this issue to which the attention of the public is invited. This firm is offering a sale extraordinary of the celebrated American Lady corset, and making special inducements, which may be learned by reference to the advertisement.

Horses and Mules—I have a carload of horses and mules at Edwards' Stables. Among the lot are a few saddle horses and a number of strong, healthy, turpentine and farm mules. Will be sold at reasonable prices. Call and examine them. O. P. MORGAN.

M. Forman departed yesterday for Alachua, where he will spend a few days with friends. Mr. Forman says he is after "country air." This assertion is made with due apology to the good people of progressive Alachua, which, with the exception of Gainesville, is growing more rapidly than any town in the State.

Wanted—Bids to construct cesspoole at county jail. Any persons desiring to bid may secure plans, specifications, etc., of the undersigned, Gainesville, Fla. Bids will be opened at the regular meeting in May, which will be May 2. The Board of County Commissioners reserves the right to reject any or all bids. C. O. PEDRICK, County Commissioner. d2w-w2t

Mr. and Mrs. H. S. Phillips of Ocala arrived in the city yesterday, and will spend some time here. They have many friends in Gainesville who are delighted to welcome them. Mr. Phillips is a member of the firm of Sternberger & Phillips, painters and decorators, who own stores and conduct business both in this city and Ocala.

An ice cream social was held at the North Gainesville Hall last night for the purpose of raising funds to send delegates to Jacksonville upon the occasion of the meeting of the Christian Endeavor society. There was an abundance of fine ice cream which was sold at reasonable prices, and the affair was both a financial and social success.

Attention is called to the advertisement of the Racycle, which appears elsewhere in this issue. The Racycle, of which H. W. Waits is exclusive agent in this territory, is one of the best bicycles in the United States, and received the first prize at the St. Louis World's Fair. Mr. Waits will be glad to explain the merits of the wheel to prospective purchasers.

Mrs. E. E. Pierce of Apalachicola arrived in the city yesterday from San Mateo, Putnam county, where she has been on a pleasant visit to Mr. and Mrs. John A. Crosby. She is a relative of Mrs. Dr. W. H. Sibley, and expects to remain here as her guest for a few days. Mrs. Pierce was here earlier in the season, and made many friends who will be delighted at her return.

Among the business visitors to this city yesterday was Timothy Bailey of Newberry, ex-justice of the peace and one of the most widely known residents of the West End. Mr. Bailey reports Newberry lively just now. The phosphate mines are running on full time and employing a large number of hands, which means that commercially the town is in excellent condition. The farmers have been blessed with favorable conditions, and indications are that the crops will yield prolifically.

Mrs. Lena Aldridge and children of Westmoreland, N. H., who have for the past few weeks been pleasantly located at the home of Mrs. Flake, South University street, expect to make their departure for home today. Mrs. Aldridge, having purchased the Browne residence on East Masonic street, expects to return to Gainesville in a few months and make her home here. Friends will be delighted to have her come, and she will be welcomed by the people generally. She is well pleased with Gainesville.

Sternberger & Phillips, the painters and decorators who recently established a business in this city, have a half-page advertisement in this issue of The Sun which is well worth the attention of the public. This firm recently removed here from Ocala, and proposes to show the people of Gainesville what can be done in the line of first-class work at reasonable prices. They have in stock the best material in everything they advertise, and every job they have done so far has reached beyond the expectations of the owners. They have rented one of the most convenient store rooms and warehouses in the city, and propose to give the people the advantage of a first-class service at a price which is not greater than ordinary work and ordinary goods. Both gentlemen are well known here, and it goes without saying that they propose to do what is right in the contracting business.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by all druggists.

Mount Shasta Threatens Activity.

San Francisco, April 15.—The Examiner today says that Mount Shasta threatens to become active again. Some startling occurrences are reported at Sissions, a town in the vicinity of the mountain. The ground has opened at several points and mud is ejected. The railroad fill has been sunk considerably.

A Thousand Dollar's Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $100 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. Sold by J. W. McCollum & Co.

Radium Found Near Kansas City.

Kansas City, April 14.—Traces of radium have been found 10 miles east of the center of Kansas City, according to reports made by Professor R. B. Moore, instructor of chemistry, and Professor Herman Schlundt, instructor of physical chemistry in the University of Missouri, following an investigation

For a Weak Digestion.

No medicine can replace food but Chamberlain's Stomach and Liver Tablets will help you to digest your food. It is not the quantity of food taken that gives strength and vigor to the system, but the amount digested and assimilated. If troubled with a weak digestion, don't fail to give these tablets a trial. Thousands have been benefited by their use. They only cost a quarter. For sale by all druggists.

Elect President Honorary Member.

Colorado Springs, Col., April 15.—Upon the return of President Roosevelt to this city from his hunting trip about the middle of May he will be waited upon by the members of the Pike's Peak Press club, of this city and presented with one of the club's handsome gold badges as a souvenir of his visit. At the monthly meeting of the club the president was elected an honorary member and the badge voted to him. The badge will be made out of pure Cripple Creek gold. It is also planned to take the president to the summit of Pike's peak, in the coal road, and an extra effort will be made to have the road open by the time he returns.

JEALOUS WIFE SLAYS RIVAL.

Kills Woman Who Was With Her Husband in Hotel.

Cripple Creek, Col., April 15.—Mrs. S. W. Vidler, wife of a newspaper man, shot and killed Mrs. H. C. Douglas, of Colorado Springs, in the National hotel here

Mrs. Vidler, very much excited, rapped on the door of a room in which were Mr. Vidler and Mrs. Douglas. Mr. Vidler opened the door. His wife pushed by him and before she could be disarmed shot Mrs. Douglas in the breast. Mr. and Mrs. Vidler were arrested. The couple, who have three children, have been separated.

After the shooting Mrs. Vidler became hysterical and expressed great satisfaction over the affair. She was released on $5,000 bail. No charge was made against her husband, who also was released.

Mr. Vidler says that Mrs. Douglas had told him she was born in Calcutta, India, was a divorced wife and had two children in New York. She was about 32 years old. She had lived in Denver and Colorado City during the last eight months and had been in Cripple Creek but a few days.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very serious nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief.
